Matt and Sam:

Here are the materials referenced by Diane and me last Friday during your Planning Meeting regarding the Low Salinity Zone workshop.

You might find these materials useful toward assembling your panel, refining your questions, and structuring the workshop.

These materials are also archived on EPA's [website](#).

The "X2 workshops" in the early 90s were facilitated by [Jerry Schubel](#) under the auspices of the San Francisco Estuary Workshop.

Dr. Schubel proved to be a remarkably thoughtful scientist and the best facilitator I've ever seen in a forum about the Bay Delta.

He's the one other person you may wish to consider for your panel beyond the attendee list attached herein.

Best Regards, Tim

**Subject:** Archive of Technical Papers on the Low Salinity Zone from: [3rd & final installment - technical workshop on estuarine habitat (03/27/12) Tuesday (9:00-4:30) Sacramento]

Friends:

Per our conversation last week, I'm sending you the information package we assembled for our March 2012 workshop.

The outgoing message includes a hyperlink to the digital archive of journal articles currently maintained by SFEI.

You might find these collected articles useful in your forthcoming workshop(s).

The attachment entitled "ASC Review of Scientific Papers..." offers a quick overview of each article.

The State Water Board graciously hosted this event, and Les Grober did a fine job representing your perspective and concerns.

Best Regards, Tim

Subject: PRIORITY: 3rd & final installment - technical workshop on estuarine habitat (03/27/12) Tuesday (9:00-4:30) Sacramento

**Cal/EPA Coastal Room, 2nd Floor**

**1001 "I" Street, Sacramento 95814**

Please arrive by 8:30, meeting starts at 9:00

[Link to directions, public transit options, and parking](#)

**Revised Agenda Package**

**Groundrules**

**Prospective Participants and Technical Teams**

**ASC Review of Scientific Papers and Summary of Key Findings**

Please see electronic archive below.

<http://files.sfei.org/>

Username: X2workshop

Password: 27March2012

**Informal paper by Anke Mueller-Solger regarding the estimation of X2 using DAYFLOW**

**Informal narrative by Herbold and Vendlinski about modeling X2 and the low salinity zone**

**Morning Repast:** Bagels, coffee, and juice served upon arrival.

**Working Lunch:** Chipotle 'Burrito in a Box' unless you'd prefer a sandwich from Champlin's.
